RECODE-DCM

RECODE-DCM is an international, multi-disciplinary consensus project to define the research priorities, establish a minimum dataset and agree on the definition of degenerative cervical myelopathy (DCM). The aim is to improve research efficiency in DCM.

The process starts with an online survey

.

Study Information Video

It is essential all DCM stakeholders are involved. This includes a wide range of healthcare professionals and patients, patient relatives and patient caregivers.

We believe that members of your organisation may wish to participate in RECODE-DCM. All participants can register to be acknowledged as collaborators on RECODE-DCM publications.

Should you have any questions or concerns, please email the RECODE-DCM mailbox (<mailto:admin@recode-dcm.com?subject=RECODE-DCM%20Project%20Enquiry>) or Olesja Hazenbiller (<mailto:ohazenbiller@aospine.org?subject=RECODE-DCM%20Project%20Enquiry>), AOSpine KF SCI Project Manager.
