

Subject: 2020 Conference and Cooperation Discussion from TSSSES

Dear all,

On behalf of the Taiwan Society of Spine Endoscope Surgery, which is called TSSSES. My name is Summer Chen who responsible for international affairs for TSSSES.

Our society has legally registered and established since January.2018.
which enrolled over hundreds of elites in the field.

Our Chairman—Dr. Jiao-Chiao Yang who specializing in endoscopic spine surgery. Not only the ingenuity of spine surgery but also committed to providing developmental technology and science to improve the health of nationals.

Electromagnetic Navigation is the tendency of endoscopic spine surgery which also the specialty technology performed by Dr. Yang's hospital—LOHAS.

LOHAS located at Kaohsiung, Taiwan where equipped with the Navigation system and actually applied to the practical spine endoscopy cases. Dr.

Yang himself, the faculty for certain international societies & corporations to share more sophisticated practical surgeon experiences on Spine Endoscopy applied to Electromagnetic Navigation.

Since 2019, he has been invited by many countries to share experiences such as India, Japan, especially the honor to be the lecturer at EUROSPINE in Finland has aroused a lot of echoes, which has made more doctors rush to Taiwan to acquire practical experience on Navigation technology.

Therefore, we have successfully conducted several cadaveric workshops and live surgery observations in Taiwan by our experienced surgeons of TSSSES.

Not only share their technique of practical surgery case on-site but also bring out the different points of view to interflow with surgeons worldwide.

TSSSES is engaged in cooperating with the international societies through the conference or any modality to fulfill the core value of both societies which partake in the progress of the developmental on Spine Endoscopy Surgery field.
